

## CHARACTERISTICS OF A YATLP REFERRAL

### 18 - 24 YEARS OF AGE

If an individual is near the end of the required age limit, they will not be excluded from consideration but may require additional review dependent on other acuity factors. Individuals under the age of 18 cannot be considered.

### ONLY INDIVIDUAL IN THE HOUSEHOLD

While bedrooms are individual and private, the rest of the house is shared living space and is able to accommodate households of one.

### SELF-IDENTIFIES AS UNHOUSED OR HOUSING INSECURE

Referrals are most effective when the individual arrives at intake seeking housing.

### MENTAL HEALTH DIAGNOSES DO NOT INCLUDE "SEVERE AND PERSISTENT"

We look forward to working closely with our community mental health providers to assess individual cases and provide ongoing care. This program is not appropriate for individuals in need of clinical services.

### PRIOR COURT INVOLVEMENT DOES NOT INCLUDE CONVICTIONS THAT ARE VIOLENT OR SEXUAL IN NATURE

For the protection of residents and staff in this shared living space setting, previous court involvement may only reflect non-violent offenses.

### WHAT TO EXPECT AFTER MAKING A REFERRAL

After a referral has been made, team leads will contact the individual to meet for intake and to provide immediate wraparound needs regardless of admittance into the program. Turn-around time will be dependent on how much follow up is required but will typically be 2-5 business days. Individuals that receive an intake but are not able to enter the program are eligible to continue to participate in classes and wraparound services and may receive case management as capacity allows.

## PARTNER REFERRAL FAQ

United Way of Delaware County's Young Adult Transitional Living Program provides housing and support services for young adults experiencing housing insecurity.
